

Dear Colleagues,

The Camelid Workshop at the 70<sup>th</sup> Annual Meeting of the EAAP will be organized in Ghent, Belgium at the end of August. It is another great opportunity to promote camelid production sciences among non-camelid animal scientists!

As you know the deadline for regular abstract submission is very short (1<sup>st</sup> of March). However, the EAAP Scientific Committee and Wageningen Academic Publishers agreed to extend the time only for the Camelid Workshop. We can submit abstracts **until 5th of April**. But, the abstract submission site is only open until 4th March. **After 4th of March, abstracts should be sent to Peter Naji via e-mail ([peter@camelicious.ae](mailto:peter@camelicious.ae))** and as a chairman I will be able to load the submissions on the website. Hope this helps ISOCARD members to gain some time for abstract preparation.

With kind regards,
